S•CAB sostiene l'ecologia e limita lo spreco proponendo una produzione di complementi realizzati per il 60% da plastica certificata come riciclata, ottenuta grazie all'utilizzo di energia generata da fonti rinnovabili, e a sua volta 100% riciclabile infinite volte in un processo virtuoso volto a non introdurre nuova plastica nell'ambiente. Prodotti completamente ecosostenibili, senza mai rinunciare ad alti standard tecnici. S•CAB disegna il futuro e lo colora di verde, proteggendo il pianeta.

S•CAB supports environmental awareness and limits waste with a production of complements made for 60% from certified recycled plastic, obtained thanks to the use of energy generated from renewable sources, and in turn 100% recyclable infinite times in a virtuous process aimed at not introducing new plastic into the environment. Completely eco-sustainable products, without ever sacrificing high technical standards. S•CAB designs the future and colours it green, protecting the planet.
